

w previously using either the built-in laptop camera or an external conference cam. The conference camera worked well, but didn't have the 360-degree capabilities of the P. The 360-degree view and automatic switching has made remote meetings much more like in person meetings.

The Mackinac Center for Public Policy is a nonprofit research and educational institute that advances the principles of free markets and limited government. Through our research and education programs, we challenge government overreach and advocate for free-market approaches to public policy that free people to realize their potential and their dreams.
